Features

Clear Acoustic tube delivers crisp, clear audio to the user via silicon ear-bud, which fits snugly into your ear.

Designed for covert use, our new acoustic tube earphone is comfortable to wear and provides clear audio.

Available with either a 2.5mm or 3.5mm plug fitted to a one metre cable, acoustic tube/earphone and earbuds, available separately if required.

Ideal for security and covert use as they are extremely reliable and lightweight.

Kevlar lined for added strength and longevity.
